

Education Success Made Simple!

How to Apply:

We are excited to get to know you and your child throughout the application process. Hopefully, you have gone through the UP Academy portion of our website and understand how we are different from other schools. If you have any questions, please call our office and book a free 30-minute discovery call. We will chat about the vision for your child's educational future during this call, how we may fit in with that vision, and how your child may experience success at UP Academy.

Who Can Apply:

Unlike most private education institutions, we do not require students to write entrance exams to see if they are an academic fit for our programs. Instead, we have students write entrance exams to see how we may best serve them. We like to know ahead of time how to design their programs. We do, however, ask the parents to write a simple entrance exam. RELAX; there are only four questions that we give you ahead of time, and you can write them in the comfort of your own home.

Currently, we have spaces open in our grade 2 – 8 programs.

What You Need:

1. Request an enrollment package be emailed you.
2. Please fill out the application as soon as possible and send it back. Please be sure to include the required attachments.
3. The last two reports cards your child has received.
4. Copy of your child's birth certificate.
5. Copies of any psychoeducational assessments (if applicable).
6. Copy of the parents' completed entrance exam.
7. A non-refundable application fee of \$150.00 (cash, cheque or e-transfer) If e-transfer, please use the password: **Enroll2021**

Write your child's full name in the additional notes section of the transfer.

Next Steps:

If the school appears to be a fit, you and your child will be invited to attend an interview with one of our admissions directors. (We can arrange a virtual interview if preferred.) If you choose to come to the Campus, your child will also be invited to do some of our entry testing. This way, if they are a fit, we can start program planning. If you choose to do the virtual interview, we will schedule entry tests at a time convenient for you to bring your child into our assessment center.

Once you have completed the interview process and your parent entrance test has been received, the admissions staff will meet and notify you of the admission decision. If accepted, parents finalize the registration process by completing the additional forms and contracts along with the tuition deposit.
